

## The Tel-A-Sale Discount Program

Become a Long Term Customer and Get Fantastic Discounts

Everyone is always looking for ways to save, and businesses are no different. As a matter of fact, one of the bottom line goals of any business is to maximize profit, and one way to do that is to manage expenses.

And that's one of the reasons we came up with the ***Tel-A-Sale Discount Program***. The program provides options for our customers to save as much as 20%, and in a day and age where the prime rate sits at a mere .25%, getting a return of 80 times that rate is phenomenal!!

Think about that for a moment. A savings account will get you about 1/2 of 1% return, and an annual CD will probably get you what...1%?? 1.5%??

When you think of things in these terms, 20% sounds like a lot, and it is! And we're not blowing smoke.... this is absolutely 100% true.

And here's how it works...or more to the point.....here's how you can participate.

If you contract for *Tel-A-Sale On-Hold Communication Services* and prepay for the length of the initial contract, you'll get a discount. The longer the prepay...the longer the discount.

The table below shows you how you can take advantage of these discounts:

| <u>Description</u>          | <u>Your Savings*</u> |
|-----------------------------|----------------------|
| - prepaid 12 month contract | 7 %                  |
| - prepaid 24 month contract | 12%                  |
| - prepaid 36 month contract | 20%                  |

And here's another bit of great news. If you sign an extended contract you will lock the price in for the entire length of your contract.

**Call us to find out more today!!**

\* NO OTHER DISCOUNTS CAN BE APPLIED TO THESE CONTRACTS, AND THE PRICE IS BASED ON THE SERVICE PRICE AT THE TIME OF THE CONTRACT.
